No notes tonight, thank you!

Problems or Repairs:

1. **COSTUMES:** Both sets of Ellie's earrings are coming loose & sliding down – specifically during musical numbers with a lot of movement. Is there any way to make these more secure? (although they are clip-ons).
2. **LIGHTING:** During tonight's performance the SR masking curtain unfortunately, partially blocked the lighting fixture for the Sundial in Scene 14 (See image below). Stage management will continue to check the SR masking to ensure that the light is visible, but was curious if there is any way to keep the curtain permanently paged back to avoid any sort of movement?
